The reply filed on 03/20/07 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): In page 5, Paragraphs 9,10, Honma (4,903,195) was used to supplement the teaching of Yoshida (5,870,596). It included specific discussions of elements of the references and the reasons to combine. However, in Page 9 of applicant's response on 03/20/07, applicant only stated that Honma does not cure the deficiency of Yoshida and that even combined, which they cannot be, the combination of Yoshida and Honma does not render claims unpatentable. No specific discussions regarding the teaching of Honma, nor the response to the specific discussions of elements of the references and the reasons to combine set forth in Paragraphs 9,10 of the last Office action can be found in applicant's response. Therefore, applicant's response is non-responsive. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dan Pan whose telephone number is 571 272 4172. The examiner can normally be reached on M-F from 8:30 AM to 4:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Chan, can be reached on 571 272 4162. The fax phone number for the organization where this application or proceeding is assigned is 703 306 5404.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
